OBJECTIVE

ECE graduate with hands-on experience in software development, IoT and embedded systems, supported by practical projects and internship experience. Strong problem-solving ability with experience in developing applications, integrating hardware and software and implementing real-world solutions.

EDUCATION:

B.E.-Electronics and Communication Engineering:

Kongunadu College of Engineering and Technology, Thottiyam, Tiruchirappalli.

2022-2026 | CGPA: 8.06

HSC: Amala Matric Hr.Sec. School, Musiri.

2021-2022 | 78.3%

SSLC: Amala Matric Hr.Sec. School, Musiri.

2019-2020 | 86.2%

TECHNICAL SKILLS:

- Python
- Java
- C
- JavaScript
- HTML & CSS
- SQL

TOOLS & SOFTWARE:

- Eclipse
- VS Code
- MS Excel
- MS Word

INTERNSHIP:

Python Full Stack Development:
Ilife Technologies | 15 days

- Applied programming concepts through hands-on development tasks, gaining practical exposure to software development workflows.
- Strengthened understanding of front-end and back-end integration in developing web-based applications.

PROJECTS:

Robotic Vehicle for Surveillance and Hazardous Zone Operations:

- Built an IoT-enabled robotic vehicle with remote motor control using DC gear motors and L293D for hazardous-zone surveillance.
- Integrated fire/human detection and live camera monitoring for remote operation.

Real-Time Self-Healing Network System:

- Developed an XGBoost-based system to detect network faults and security threats in real time.
- Automated traffic rerouting and backup-path activation for network recovery.

Personal Portfolio Website:

- Built a responsive HTML, CSS & JavaScript portfolio with interactive UI and project showcase.

Automatic Hot Water Treatment for Banana Suckers:

- Programmed an Arduino-based system to maintain 52°C and automate a 30-minute treatment cycle.
- Integrated DS18B20, relay, LCD, and ultrasonic sensing for automated monitoring and control.

CERTIFICATIONS & COURSES

- **NPTEL Certification:** Internet of Things (IoT).
- **AWS Certified Cloud Practitioner:** Amazon Web Services, 2024.
- **Value-Added Courses:** Python Programming, Java Programming.

DECLARATION:

I hereby declare that the information provided above is true and accurate to the best of my knowledge.
